## TEC TALK NEWS

**SEPTEMBER 2021**

---

Even though it still feels like summer, Fall is upon us. Here are a few items that need either a reminder or a clarification.

### **SCHEDULED TRASH REMOVAL DAYS**

Recently there was a second incidence when the trash was not picked up on the scheduled trash day. It was mentioned before that if they do not show up by 8:00 pm we are requesting that you return your trash containers to the inside of your garage to prevent them from getting knocked over and scavenged by animals. This is also a reminder about trash left out in plastic trash bags overnight. **Please, never leave a plastic bag of any kind of garbage out over night because of the attention and destruction caused by animals.** This was not done by a few owners both times. You should return your items back outside the following day and if they don't show up that day then return all items again to your garage until the next scheduled pickup day.

### **HAZARDOUS WASTE DISPOSAL FACILITY**

If you have old paint cans or other hazardous waste items you need to remove from your home or garage you can take them to the facility at 6120 Glades Cut-Off Road, Fort Pierce. Please call 772-462-1768 or visit their website at [www.stlucieco.gov](http://www.stlucieco.gov) for more information.

### **POOL RULES REMINDER**

Please remind your guests as well as everyone in your family that the **only drinking liquid allowed at the pool is water and never in a glass container.**

### **CLARIFICATION REGARDING SIZE OF INSIDE AIR VENT FILTER REPLACEMENT**

The size needed to the interior ceiling vent is 19 1/8 x 19 1/8. It's a special order at Home Depot and Lowes often has a pleated style in stock.

**CLUBHOUSE WEEKLY GAME RETURNS**

As of September 1st, Bingo has returned to Wednesdays at 7:00 p.m. in the clubhouse.

**LADIES LUNCHEON**

The September ladies' luncheon has returned to Mondays and the next one is on September 13th at 11:30 a.m. at Thirsty Turtle Seagrill located at 2825 SW Port St Lucie Blvd.

Here's some better jokes...I hope:

Q. What's the best thing about Switzerland?

A. I don't know, but the flag is a big plus.

Q. Did you hear about the mathematician who's afraid of negative numbers?

A. He'll stop at nothing to avoid them.

Q. Why do we tell actors to "break a leg?"

A. Because every play has a cast.
