TEC TALK NEWS

SUMMER 2020

It feels like we've been in the middle of summer since April and these heat indexes in the triple digits are brutal. I guess that's enough complaining about the weather when we have other more important things going on in the world right now. Stay safe!

It is hurricane season and I'd just like to remind everyone that if you do decide to go away for a bit, please remove any outdoor furniture, planters, etc. that could become flying objects during a hurricane.

Just a reminder that your monthly maintenance is due the 1st of every month. The 10th of the month is not the due date, it is the end of your grace period. When a late notice goes out on the 11th or 12th of the month you are already 11 or 12 days late. You cannot depend on the mail getting to us in 1-3 days. I have sent cards to my children in Michigan that have taken up to 2 weeks and a 2-3 day Priority envelope has taken up to 8 days. Please keep all of this in mind when sending in your maintenance check. If you have your maintenance paid through your bank, let them know that the due date is the 1st of the month. If you tell them the 10th of the month, we might not get it in time. We thank you for your cooperation.

We hope you are enjoying the Tropical East Telephone Directory. Joanne spent many, many hours on it. We would appreciate if you could just check to make sure that your information is correct and email us if we have any thing wrong so that we can correct our records.

As you know we have re-opened our pool, but in order to keep the pool open we need to sanitize the bathrooms and pool area daily. I feel like we will be doing this for at least a few more months, therefore I am asking for help. If you are able to help us out with the cleaning/sanitizing, please email or call us.

Thank you Steve and Janice Elias, Sue & Helmut Rothermel and Gaya Hammond for all of your help around Tropical East - painting the entrances to the clubhouse, fixing street lights, sanitizing the pool deck and bathrooms and anything else that I ask any of you to do. I really do appreciate all of your help.

This will probably be the last TEC TALK until September. Please everyone stay healthy and safe during this Pandemic. I hope you are able to be with your families. I've had to cancel my Michigan trip twice and right now I am missing my kids and grandkids terribly. Thank God for Face Time!

The next Board of Directors meeting will be held
on September 08, 2020 at 10:00 a.m. in the Clubhouse.

SOCIAL NEWS

We are still missing those Ladies Luncheons!

SICK

A few people have been in the hospital for various ailments. We are wishing Mary Ann Trezza, Ray Klett and Carolyn Hanna a speedy recovery.

A wife was making her husband a breakfast of fried eggs. Suddenly her husband burst into the kitchen. “Careful” he said, “CAREFUL! Put in some more butter! Oh my gosh! You’re cooking too many at once. TOO MANY! TURN THEM! TURN THEM NOW! We need more butter, oh my gosh where are we going to get MORE BUTTER? They’re going to STICK! Careful. CAREFUL! I said BE CAREFUL!!! You never listen to me when you are cooking! NEVER! Turn them, Hurry Up! Are you CRAZY??? Have you LOST your mind? Don’t forget to salt them. You know you always forget the salt. USE THE SALT! USE THE SALT!”

The wife stared at him. “What in the world is wrong with you? You think I don’t know how to fry a couple of eggs?”

The husband calmly replied, “I just wanted you to know what it feels like when I am driving.”

Be thankful for today, because in one moment your entire life could change!

The Board of Administrators thank you for your understanding, respect, and prompt community cooperation and participation.

Sincerely

Board of Directors
